7. Tasks

- 7.1. Copyworld 100 – see item 2.4 of minutes
- 7.2. MRF Sponsorship has been reduced to \$1500 due to only 3 events running.
- 7.3. A.Admiraal and M.Clements have met with various Gov. Dept heads and ministers.
- 7.4. No success as yet with GRN Radio availability for rallies.
- 7.5. We will need to approach Forestry ourselves – no assistance from Gov. Departments.
- 7.6. Local Govt Road Management: as a panel we need to formulate a plan to manage the number of type of events that are approaching local government bodies to run rallies. They do not differentiate between dirt and tarmac, it is just another rally coming into their area. There was considerable discussion on the issues of over use of area, ways of formalising approaches to councils, what controls SARP can have over these issues.

8. Reports

8.1. CHECKER

- 8.1.1. M.Clements is to be kept informed regarding the Sprint Rally.
- 8.1.2. AGL Rally SA – event ran successfully. Owen Polanski did the course check accompanied by A.Challen.
- 8.1.3. Eudunda Copyworld 100 – D.Rudhan/J.Alker/D.Claridge/A.Challen completed the check. Set to go.
- 8.1.4. There is an issue with slow/late payment at times from event to Checker for expenses. H.Ryan asked if we can pay the Checker then bill CAMS and in turn, CAMS will charge the event.
- 8.1.5. G.Brown will follow up with SEAC to reimburse J.Lange for South West Stages.

8.2. SCRUTINEERING – It seems the process for getting into the Targeted Scrutiny system is not straightforward. We need to find ways to streamline the process. A date late in March 2020 is being worked on for vehicle inspection day. M.Selley says he has the documents 'pretty much' ready to go.

8.3. ARCOM –

- 8.3.1. Next face to face meeting 12/7/2019.
- 8.3.2. M.Selly reminded us that the State Commissioner is not a conduit for information to local Rally Panel. Club Facebook is set up for information dissemination.
- 8.3.3. A face to face meeting between Arcom and Rally Panel chairmen is to be arranged.
- 8.3.4. Arcom has delegated power to state panels to vary NRC's e.g. to vary R5 eligibility as some states have wanted to do this for their state championship.
- 8.3.5. Discussion was held on the subject of safe exit times for rally cars. i.e how does a driver have a market for his current rally car when he wants to upgrade. The current car must have some form of life in the regulations.
- 8.3.6. Suggestion from Victoria to reduce the number of Stewards at State and lower level events. Currently set at 2 to 3 at state level and 1 for lower events. Suggest 1 State steward and maybe a steward available by phone for club events. Not a popular concept for our panel.
- 8.3.7. There are unresolved issues regarding Invitational entries in rallies.
- 8.3.8. G4 regs have been changed to appease G4 competitors.
- 8.3.9. The future of hybrid cars in rallying is being considered.

- 8.5.4. H.Ryan reported that to do a video of our series similar to NSW will require significant money. A.Admiraal will meet with Stuart Dadow to further discuss.
