WELCOME

The South Australian Rally Panel welcomes you to the SA Regularity Series (SARS). The Panel is excited to announce that this series will be held for the first time in 2022 – and will be contested at all 4 SA Rally Championship events to be held in 2022.

The purpose of the SA Regularity Series is to provide the opportunity for Special Stage rallying at a lower cost than the SARC. Regularity rallies allow for the entry of automobiles that do not necessarily comply with the requirements for the SARC. In addition (and in accordance with the Motorsport Australia Manual) there are variations to the requirements for apparel for each crew member that may reduce the cost of participation.

The SARS calendared events for 2022 are:

Rd 1	3 rd - 5 th June	AGL Rally SA Rally of the Heartland
Rd 2	13 th August	Copyworld Walky 100
Rd 3	18 th September	MSS Safety Rally Barossa
Rd 4	21 st - 23 rd October	UME Adelaide Hills Rally

ELIGIBILITY OF SERIES

The Series will consist of a minimum of three (3) events within a calendar year and all rounds will count towards the series points.

ELIGIBILITY OF EVENTS

A Rally Regularity Event shall either be route charted, navigational (as per NRSR-SSR 2), or a combination of the two. Pace noting and any reconnaissance is not permitted.

Each Event must be conducted in accordance with the requirements for a closed road (access controlled) Special Stage Rally, as per the NRC. A Closed Road is defined to mean roads closed with the relevant Ministerial approval or run on private property or forestry roads.

The Event Organiser must set a precise target time for each competitive stage that does not exceed an average of 70km/h. A maximum (terminal) speed of 110 km/h must be applied.

Each Competitor must maintain a minimum speed of no less than 20km/h during a competitive stage (unless responding to an incident, breakdown, stopping at a passage control, or any scenario that may be considered as reasonable by the Organiser). Stopping on a stage solely for the purpose of managing average speed for a competitive stage is strictly forbidden.

The distance and time allowed for a Rally Regularity Event is at the discretion of the Organiser, however no awards will be presented if the total competitive length of an event has been reduced to less than 30kms by reasons of *force majeure*.

EVENT CONDITIONS

Event Organisers are encouraged to have at least 50% daylight stages.

Any crew member found driving on a competitive stage between the time of issue of the Event Supplementary Regulations and the crew's start time for the first stage of that event will be referred to the Stewards.

SERIES REGISTRATION

- 1) In 2022 there will be no cost to register but competitors must register for the championship via the link at sarally.net.au/sars/
- 2) Any crew member wishing to register **must** do so before the start of the first event they compete in.

SERIES RESULTS

- 1) To score series points in any round of the Series a competitor must be a current member of a SA/NT Motorsport Australia affiliated club. Each event must have at least 3 individual point scoring crews for any Series points to be allocated.
- 2) Should a special stage be stopped for any reason before the last crew has completed that stage, the time for that Special Stage will be calculated in accordance with NRSR-SSR 5.4.
- 3) Where a crew has stopped during a special stage to render assistance to another crew after an accident where there was a reasonable expectation that bodily harm is imminent or has occurred, then that crew may be awarded a time for that stage based on their previous performance in the event, at the discretion of the Clerk of Course and the Stewards.
- 4) Event Results will be available as per the details listed in the event Supplementary regulations.
- 5) Computerised scoring shall be used which is capable of providing stage times to the media, crews and spectators.
- 6) The Series will be determined by all available SARS rounds
- 7) To qualify as a recipient for SARS Points and any Series Awards each competitor must:
 - i) Comply with Series Registration and
 - ii) Comply with Championship Compulsory Signage at every SARS event (refer Diagram A).
- 8) To qualify as a finisher of an event, or a separately scored heat, a crew must:
 - i) Not enter or leave any control in other than the prescribed direction, unless approved by the Clerk of Course; and
 - ii) Comply with the SARS Sporting Regulations and NRSR-SSR 8 if re-joining an event; and
 - iii) Reach the final control of the event under the motive power of the vehicle and with both crew members aboard; and
 - iv) Not suffer a disqualification penalty.
- 9) Series points at each event will be awarded to the Driver and Co-Driver based on the following scale: 50, 40, 35, 31, 28, 26, 24, 22, 20, 18, 16, 14, 12, 10, 8, 6, 5, 4, 3, 2, 1, 1, 1, 1 points respectively for places 1st to last finisher. Rallies with 2 Heats will be awarded 50% of points per heat.
- 10) Regional Events are defined as where the Event Headquarters is more than 300kms from the Adelaide GPO by road. Regional events will have the following point allocation:
 - i) Single calendared event in Series, will have a loading of 1.5 points per 1 point scored (% bonus factor).
 - ii) More than one calendared event in the Series, will have a loading of 1.25 points per 1 point scored (% bonus factor).

- 11) Times and scores from all events are to be forwarded to the SARP Series Points Recorder at results@sarally.net.au for scoring within one week of becoming final. The following information must be included:
- Entry List including competitors' full names, mobile numbers and email addresses
 - Vehicle Details
 - Final Results including stage times, any other penalties and event point scores.
- 12) Points for Recognised Tasks
To be eligible, a person must apply via email (chair@sarally.net.au) to the SARP within 30 days prior to the close of entries for the SARS event in which the applicant is performing a recognised task and, if accepted, will be ineligible to compete in that nominated event.
Any person, who fulfils a recognised task, shall receive points as follows:
- i) Recognised tasks are available for senior positions per SARS event to be approved by SARP. These must be key officials of the event eg. Clerk of Course, Secretary, Road Director, and Course Checker.
 - ii) Recognised task points will only be awarded if the SARS event is run such that full points are awarded.
 - iii) Points for recognised tasks shall be allocated to a person for only one SARS event per calendar year.
 - iv) A person must compete in at least two SARS events during that calendar year.
 - v) The points allocated will be the average of the best two SARS events (excluding the % bonus factor) for the current year of competition. That average will then include the % bonus factor if the nominated event is covered under Series Results part 10 above.
- Eg: Event 1 (Adelaide) - 1st (50 points), Event 2 (Remote) - 2nd (60 points (40 + 20 bonus)) = $(50 + 40) / 2 = 45$ points. Recognised Task at Remote event will then be $45 \times 1.5 = 67.5$ points.
Note: the points allocated may change if the person has better results later in the year (after performing the Recognised Task).
- 13) SA Regularity Series results will be posted on the SA Rally website (sarally.net.au) once they are approved by the SARP.

Speed Restrictions

Competitors are reminded that they must not exceed a speed of 110km/h at any time (including transport stages).

Each Competitor must also maintain a minimum speed of no less than 20km/h during a

competitive stage (unless responding to an incident, breakdown, stopping at a passage control, or any scenario that may be considered as reasonable by the Organiser).

Penalties for infringements of maximum/minimum speed restrictions can be found in RR-SR. Other penalties may be specified in Event Supplementary Regulations.

Cutting corners

To prevent 'cutting' of corners by competitors or gravel being thrown across the road surface on Tarmac stages, Course Markers comprising of either large Orange Bollards or cones may be placed on the edge of the road or any road marker (i.e. white post) placed by a Statutory Authority. Organisers reserve the right to place these at any location and drivers should drive accordingly i.e. do not plan to cut any corner. Competitors will be penalised 30 seconds for each bollard or cone hit or if a competitor is deemed to have cut a corner by more than a car width.

Competitors are also reminded that under NRSR-SSR 2.1 the penalty for deviating from the course may be up to Disqualification, see below.

NRSR-SSR 2.1 states " The Route Instructions describe the course that must be followed. Any deviation from this course or travelling in the opposite direction to that described, that is reported by an official will be transmitted to the Stewards who may impose a penalty up to disqualification if they decide that there is no case for force majeure".

Article 18. CONTROLLED SPEED ON SPECIAL STAGES

Chicanes

Chicanes may be included and shall take the following format:

- a) The chicane will be marked in the road book.
- b) The chicane will be made up of three rows clearly visible from 400m
- c) Entry should be consistently from the left or right during an event..
- d) The distance between each barrier of the chicane will be 15 metres.
- e) The approach warning board for each chicane will be erected at 200metres
- f) Inappropriate Overtaking is not permitted between the 200m board and the last barrier.

The penalty for hitting a chicane is 1 minute for each barrier.

The penalty for missing a chicane is 5 minutes or possible disqualification from the event.

Restricted Speed Zones/Virtual Chicanes (only in Rallies in which RallySafe is to be used for all competitors)

Restricted Speed Zones (RSZ) or Virtual Chicanes (VC) may be located on various stages on the course. Details of Restricted Speed Zones and/or Virtual Chicanes are found in NRSR-SSR 5.6. The maximum speed (for an RSZ) or minimum speed (for VC) is defined in the Event Supplementary Regulations.

The RallySafe device is the judge of fact in all instances where a competitor fails to slow to the required speed within the zone/chicane. The penalty for failing to slow to the required speed is 30 seconds per infringement. Competitors who breach this requirement on more than 2 occasions will be referred to the Stewards with a recommendation that they be excluded from the event.
