ELIGIBILITY OF CHAMPIONSHIP/SERIES

The Championship & Series will consist of a minimum of three (3) events within a calendar year and all rounds will count towards the championship/series points.

ELIGIBILITY OF EVENTS

Events will be fully route charted and either pace noted or blind Special Stage rallies with Closed Competitive Sections of between 80kms and 220kms recommended total competitive length. No awards will be presented if the total competitive length of an event has been reduced to less than 30kms by reasons of *force majeure*.

Events that run Heats will be required to complete only one heat per day with a minimum length of 80 kms for each heat. No awards will be presented if the total competitive length of a heat has been reduced to less than 30kms by reasons of *force majeure*.

A Closed Competitive Section is defined to mean roads closed with the relevant Ministerial approval or run on private property or forestry roads.

EVENT CONDITIONS

Event Organisers are encouraged to have at least 50% daylight stages.

Any crew member found driving on a competitive stage between the time of issue of the Event Supplementary Regulations and the crew's start time for the first stage of that leg, other than official reconnaissance times, will be referred to the Stewards.

CHAMPIONSHIP/SERIES REGISTRATION

- 1) In 2023 there will be no cost to register but competitors must register for the Championship/Series via the link at sarally.net.au/sarc/.
- 2) Points for each event will only be awarded to crew members who have registered before the commencement of that event.
- 3) Competitors are required to keep the registration confirmation email as proof of registration.

CHAMPIONSHIP/SERIES RESULTS

- 1) To score points in any round of the Championship/Series a competitor must be a current member of a SA/NT Motorsport Australia affiliated club. Each event must have at least 3 individual point scoring crews for any Championship/Series points to be allocated.
- 2) Should a special stage be stopped for any reason before the last crew has completed that stage, the results for that Special Stage will be calculated in accordance with NRSR-SSR 5.4.
- 3) Where a crew has stopped during a special stage to render assistance to another crew after an accident where there was a reasonable expectation that bodily harm is imminent or has occurred, then that crew may be awarded a time for that stage based on their previous performance in the event, at the discretion of the Clerk of Course and the Stewards.
- 4) Event Results will be available as per the details listed in the event Supplementary regulations.
- 5) Computerised scoring shall be used which is capable of providing stage times to the media, crews and spectators.
- 6) The Championship/Series will be determined by all available rounds
- 7) To qualify as a recipient for SARC Points, SACS Points and any Championship/Series Awards each competitor must:
 - i) Comply with Championship/Series Registration and
 - ii) Comply with Championship/Series Compulsory Signage at every SARC/SACS event (refer Diagram A) and
 - iii) In the case of SACS, meet the eligibility requirements as outlined in Article 5.2.
- 8) To qualify as a finisher of an event, or a separately scored heat, a crew must:
 - i) Not enter or leave any control in other than the prescribed direction, unless approved by the Clerk of Course; and
 - ii) Comply with these SARC/SACS Regulations and NRSR-SSR 8 if re-joining an event; and
 - iii) Reach the final control of the event under the motive power of the vehicle and with both crew members aboard; and

- 9) Points will be awarded to the Driver and Co-Driver based on the following scale: 50, 40, 35, 31, 28, 26, 24, 22, 20, 18, 16, 14, 12, 10, 8, 6, 5, 4, 3, 2, 1, 1, 1, 1 points respectively for places 1st to last finisher. Rallies with 2 Heats will be awarded 50% of points per heat.
- 10) Regional Events are defined as where the Event Headquarters is more than 300kms from the Adelaide GPO by road. Regional events will have the following point allocation:
 - i) Single calendared event in Championship/Series, will have a loading of 1.5 points per 1 point scored (% bonus factor).
 - ii) More than one calendared event in the Championship/Series, will have a loading of 1.25 points per 1 point scored (% bonus factor).This loading will apply to all point scores, including class points, 2WD Championship points etc.
- 11) Times and scores from all events are to be forwarded to the SARP Championship Points Recorder at results@sarally.net.au for scoring within one week of becoming final. The following information must be included:
 - Entry List including competitors' full names, mobile numbers and email addresses
 - Vehicle Classes
 - Final Results including stage times and any other penalties

12) Points for Recognised Tasks

To be eligible, a person must apply via email (chair@sarally.net.au) to the SARP within 30 days prior to the close of entries for the SARC/SACS event in which the applicant is performing a recognised task and, if accepted, will be ineligible to compete in that nominated event. Vehicle class must be nominated at time of application.

Any person, who fulfils a recognised task, shall receive points as follows:

- i) Recognised tasks are available for senior positions per SARC/SACS event to be approved by SARP. These must be key officials of the event eg. Clerk of Course, Secretary, Road Director, and Course Checker.
- ii) Recognised task points will only be awarded if the SARC/SACS event is run such that full points are awarded.
- iii) Points for recognised tasks shall be allocated to a person for only one SARC event per calendar year.
- iv) A person must compete in at least two SARC/SACS events during that calendar year.
- v) The points allocated will be the average of the best two SARC/SACS events (excluding the % bonus factor) for the current year of competition. That average will then include the % bonus factor if the nominated event is covered under Championship/Series Results part 10 above.

Eg: Event 1 (Adelaide) - 1st (50 points), Event 2 (Remote) - 2nd (60 points (40 + 20 bonus)) = $(50 + 40) / 2 = 45$ points. Recognised Task at Remote event will then be $45 \times 1.5 = 67.5$ points.

Note: the points allocated may change if the person has better results later in the year (after performing the Recognised Task).

13) SA Rally Championship/SA Clubman Series results will be posted on the SA Rally website (sarally.net.au) once they are approved by the SARP.

7.5 Dedicated Refuel area(s) are not mandatory however events are strongly encouraged to provide such area(s).

An Event Organiser may submit, to SA Rally Panel for approval, refuelling regulations specific to an event based on recommendations/approval of Local Authorities (such as Fire Authorities) in accordance with their requirements. Each submission in this case must include a Risk Assessment. Approved refuelling regulations must then be included in the event supplementary regulations.

If a Dedicated Refuel area is provided by the event it must comply with the following minimum requirements:

- No storage of fuel in the refuel area – each crew stores their own fuel and bring it to the refuel area when re-fuelling
- Fire Extinguishers to be placed in the refuel area for the duration of the event

Crews are required to refuel their car in the refuel area. Extreme care is required to ensure no spillage. Full or empty fuel cans may NOT be left in the refuel area but must be stored with the Service Crew and only taken to the refuel area at the time of refuelling. Smoking and the use of Mobile Telephones are prohibited in the refuel area.

Alternatively, each Competitor using pump fuel may also refuel from a pump at a filling station as indicated in the event road book.

Service Crews are reminded that they should ensure a suitable fire extinguisher is carried in the Service Vehicle and that State Legislation limits the amount of fuel which may be carried in vehicles.

- 7.8 If timed service parks are used they shall be indicated in the rally itinerary with Time Controls at the entrance and exit.
- 7.9 The speed of cars in the service parks must not exceed walking pace, unless signposted otherwise. Offenders will be reported to the Stewards of the Meeting, who will decide on a penalty.

Article 8. RECONNAISSANCE AND PACE NOTING

- 8.1 Number of reconnaissance runs. For pace-noted events, there must be sufficient time allowed for two reconnaissance passes over the stages.
- 8.2 Crews are reminded that Council, Private and Forest roads used in the rally will not be closed during reconnaissance. Crews must comply with the maximum speed to be the lower of: 80km/h or as sign posted on special stages and as sign posted on liaisons or the speed specified in the Event Supplementary Regulations or reconnaissance bulletins. Vehicles must keep to the left at all times in accordance with the Australian Road Rules and the Road Traffic Act. Any breach of this regulation will result in a penalty recommendation to the Stewards.
- 8.3 Under NO circumstances are crews to travel in the opposite direction unless specified in an official Event communication (e.g. Supp Regs, Reconnaissance instructions or Bulletin).
- 8.4 Crews are also advised that the Road Traffic Act will remain in effect for the duration of reconnaissance and that all road rules must be observed (e.g. obeying speed limits imposed and keeping to the left). Judges of Fact may be on the route to police these regulations.
- 8.5 Reconnaissance may be carried out in any road-registered vehicle. Under body protection, rollover protection, safety equipment and internal navigational aids are permitted. Road traffic noise requirements must be adhered to.
- 8.6 Any member of the crew found on the course in the period two months prior to the start of the rally, with the exception of the period allowed for reconnaissance as per the Event Supplementary Regulations, will be reported to the Stewards of the Meeting for consideration of disqualification or other penalty, unless written approval from Organisers has been obtained.
- 8.7 Any person found to be in breach of the reconnaissance regulations or who acts in such a manner as to bring the rally into disrepute will be reported to the Stewards of the Meeting who will determine a penalty which can include a substantial monetary fine or the refusal to allow the competitor concerned to start the event.
- 8.8 Reconnaissance Times/Format - See Event Supplementary Regulations or Event bulletin.

Article 10. DOCUMENTATION AND SCRUTINY

- 10.1 Location & date - See Event Supplementary Regulations
- 10.2 Vehicles must adhere to the scrutiny process as detailed in the Event Supplementary Regulations (unless granted an exemption, which needs to be applied for in writing to the Clerk of Course with the entry form). Failure to comply with these requirements will result in a time penalty being imposed at the discretion of the Stewards of the Meeting.

10.3 Placement of Signage

Prior to the start of pre event scrutiny the organisers will supply event identification decals and compulsory event sponsor decals.

Associate Sponsor's Logos panel (panel 4 on diagram) will be supplied by SARP. A maximum of 2 sets (left & right) will be supplied free. Additional sets can be purchased for \$30/set.

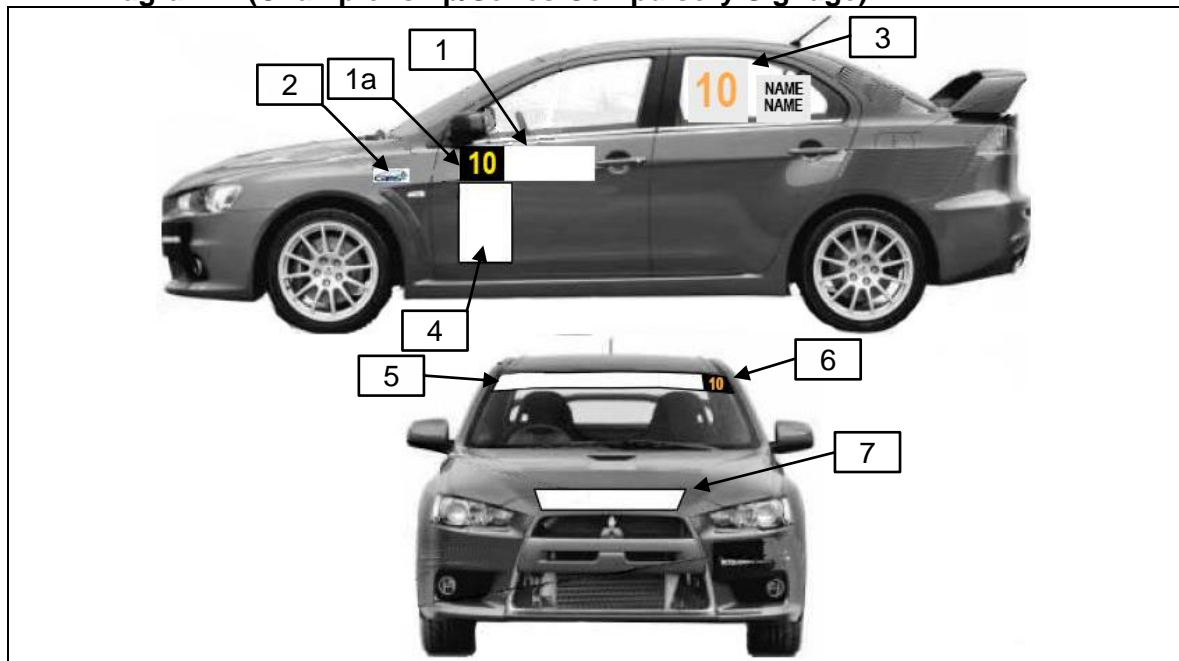

SARP will allocate competition numbers to competitors (see 10.4). However, entrants must organise the printing of such numbers in the appropriate format at their expense. Allocated competition numbers are compulsory signage for all vehicles entered in an SARC event. However, if an SARC event is run in conjunction with a higher-level event the entrant will use the number supplied by the higher level event Organiser.

Entrants must supply crew name stickers complying with the requirements applicable to Australian Rally Championship events (see NRSR-VG 4.1c – 4.1e).

Unless otherwise specified in the Event Supplementary Regulations, Competition numbers and crew names must be attached to the vehicle, prior to the completion of scrutiny in accordance with Diagram A below. In the case of vehicles with rear side windows which are too small to accommodate both crew names and competition numbers in the minimum required sizes, the competition number is permitted to trail from the rear side window glass over the rear pillar and the edge of the roof provided that the number remains clearly visible from a standing position at right angles to the vehicle. All signage must be maintained in good order and condition throughout the event.

Vehicles may carry signs of sponsors who may be in commercial competition with the sponsors of the event or Championship.

In all competitions of State Championship and above, with the exception of those for 5th Category vehicles, the Motorsport Australia logo shall be carried on the car. For cars other than the 1st Category the logo shall be positioned adjacent to, and in a plane in line with the top of the competition number. (Note: self-adhesive Motorsport Australia logos are available from Motorsport Australia.) Sporting regulations may specify an alternate location which shall be considered on application to Motorsport Australia.

(i) Variations

If it is difficult to fit a decal to the vehicle, this is to be referred to the Scrutineers at pre-event Scrutiny, or prior to this, to the event organisers. Competitors are required to apply in writing to the organiser for any variation (including excessive trimming) to the placement of compulsory signage.

Failure to display or to obtain permission to amend the placement, or deliberate removal of compulsory signage, will render a crew ineligible to score any Championship points resulting from the event and may be subject to further penalties as applied by the Stewards.

If a competitor is entered in an SARC event and a higher-level event, and there is a conflict of compulsory signage requirements, the requirements of the higher-level event will take precedence and SARC points will be awarded as if the competitor complied with SARC compulsory signage.

10.4 Competition Numbers

Competition numbers will no longer be allocated by the SA Rally Panel. Competition numbers will be allocated (and supplied) by each event. The exception being that the number '1' will continue to be reserved for the reigning SARC driver at all events.

A decision on the application will be made before the end of documentation.

10.12 Vehicles must be presented for turbo scrutiny with cold turbo-chargers. Crews may present the turbo assembly removed from the vehicle. Entrants are reminded turbochargers must be presented drilled for sealing (see the current Motorsport Australia Manual). Failure to comply with these requirements will result in a penalty being imposed at the discretion of the Stewards of the Meeting.

10.13 Any entrant who fails to meet vehicle re-representation requirements as directed may be refused permission to start the event.

10.14 Post event scrutiny may take place within 1 hour of the selected vehicle finishing the event. The crews required for post event scrutiny will be advised at arrival to the final Parc Fermé of the locations and requirements.

It is the responsibility of the competitors or their representative to provide the following in respect to post-event scrutiny:

- Personnel and the necessary equipment (eg: tools, jacks, stands etc.) to remove and examine components as directed;

10.15 Of the remaining competitors those who wish may leave the finish after their arrival at the final control by signing a declaration that if subsequently required for scrutiny, they will be deemed to have withdrawn from the rally and will not be eligible for any awards or Championship points.

- 10.16 Parc Fermé will be located at or near the Finish, where all vehicles will be held until post event scrutiny has been completed and the Stewards allow them to be removed.

Article 11. START

- 11.1 Both driver and co-driver **MUST** be present at the Competitors' briefing (if held). Non-attendance will be reported to the Stewards and the recommended penalty will be disqualification.
- 11.2 The Rally will start as per the details listed in the Event Program.
- 11.3 Competing Vehicles may be required to be placed at the Start location - One (1) hr before their due start time. This will be stated in the Event Supplementary Regulations. It is not necessary that a member of the crew be the person who places the vehicle in the staging area.

In accordance with the above regulation, a map of the location and directions will be provided in competitor documentation.

- 11.4 The penalty for late arrival in 11.3 is a report to the Stewards, who will decide the extent of the penalty including any monetary penalty and the amount thereof. Notification to the offending crew will be given at the earliest opportunity.
- 11.5 Special Stages will be barred to competition when the slow sweep enters the stage. Any crew that arrives at a special stage time control within their late time limit but after the stage has closed to competition, is to drive the stage abiding by all applicable road regulations. A derived time considered by the Clerk of Course to be fairest will be given to the crew. Crews are to enter their own start and finish times on the time card if the control officials have packed up and/or have left the control area. Any crew that stops on a stage and is passed by the slow sweep is deemed to have withdrawn from that stage.

cones may be placed on the edge of the road or any road marker (i.e. white post) placed by a Statutory Authority . Organisers reserve the right to place these at any location and drivers should drive accordingly i.e. do not plan to cut any corner. Competitors will be penalised 30 seconds for each bollard or cone hit or if a competitor is deemed to have cut a corner by more than a car width.

Competitors are also reminded that under NRSR-SSR 2.1 the penalty for deviating from the course may be up to Disqualification, see below.

NRSR-SSR 2.1 states " The Route Instructions describe the course that must be followed. Any deviation from this course or travelling in the opposite direction to that described, that is reported by an official will be transmitted to the Stewards who may impose a penalty up to disqualification if they decide that there is no case for force majeure".

Article 18. CONTROLLED SPEED ON SPECIAL STAGES

Chicanes

Chicanes may be included and shall take the following format:

The penalty for failing to slow to the required speed is 30 seconds per infringement. Competitors who breach this requirement on more than 2 occasions will be referred to the Stewards with a recommendation that they be excluded from the event.
